NONPROFITS FULFILL SIGNIFICANT COMMUNITY NEEDS

Nonprofits fulfill community needs, yet...the *nonprofit* itself has significant needs, too. After observing and working with nonprofits, Joanne recognized unmet needs and chose to make a difference with innovative solutions.

THE NONPROFIT LEADERS COLLABORATIVE was founded through Vision Quest Nonprofit Builders, a division of Vision Quest Leadership, to help leaders fulfill a multitude of needs. From personal and professional needs to organizational challenges to accelerating social impact, these include:

- Funding
- Communication
- Donor Contributions
- Marketing/Outreach
- IMPACT!
- Staffing
- CRM Systems
- Board Collaboration
- Planning/Oversight
- TIME!

As they say, it takes a village to achieve the impactful results you envision; and you already know, you can't do it alone. So, build momentum for yourself, your nonprofit, and others.
