Solve's Annual Quarter Auction – 2nd Year in Venice/Englewood

What is a Quarter Auction? A quarter auction is part raffle, part auction, and part fundraiser all rolled into one. It's a unique and fun way to support a cause while socializing and enjoying some friendly competition.

How does the Solve Quarter Auction work? When you arrive you will be given a numbered paddle for a donation. Your paddle has a corresponding numbered raffle ball that will be put into the drawing spinner.

What are the prizes? 75 prizes are auctioned, ranging from beautifully arranged gift baskets to spa excursions, golf, fishing adventures, and much more.

Do I need to bring quarters for bidding? Yes. Generally, $40 to $50 covers your evening's bidding. Change is provided throughout the evening.

Should I arrive early? Yes, please arrive no earlier than 5:00 p.m. so we can prepare an optimal event for you. Arrive at 5:00 p.m. promptly to review the auction items display, and auction bid sheet, while enjoying a scrumptious meal buffet prepared by Plantation Golf & Country Club's outstanding chefs.

More about the nonprofit. Solve Maternity Homes are in Englewood, Sarasota, and Bradenton. Since 1976 Solve has helped mothers become healthy so they can have healthy babies. Solve's rent-free housing program has welcomed 1,455 babies.
